

PPC NATIONAL

I Love My Church

Mobile App — Connecting Every Member,
Every District, Every Congregation

Pentecostal Protestant Church • South Africa

2026

What is the PPC National App?

A purpose-built mobile application for the Pentecostal Protestant Church of South Africa — giving every member, leader, and district a single digital home for worship, connection, and administration.

9
Districts

Nationwide coverage

81+
Congregations

Across South Africa

6
Giving Funds

Tithes, Missions & more

- ◆ Built with React Native + Expo — runs on iOS and Android from one codebase
- ◆ Firebase back-end: real-time database, authentication, cloud storage
- ◆ Role-based access: Visitor → Member → Leader → Admin
- ◆ Push notifications keep every member informed instantly
- ◆ Designed for low-data environments common in rural South Africa

Key Benefits

Unified Home

One app for all church communication — no more WhatsApp clutter or missed emails.

Event Registration

Members register for events and upload proof of payment directly in the app.

Digital Giving

Tithe, offerings, building fund, missions — all funds in one place with EFT guidance.

Prayer Wall

Members submit and pray for requests nationally or within their district.

Live & Media

Direct links to YouTube Live and Facebook with live-status indicators.

Church Store

Members browse merchandise, pick a size, and order — with EFT payment and proof upload built in.

Administration

Admins manage members, approve registrations, review payments and orders, and post announcements.

Leadership Boards

National Board and National Women's Board — full leadership profiles with photos, tap to enlarge.

Personal Dashboard

My Events, My Orders, Giving History and Notifications — every member tracks their own activity.

Feature Overview — All 19 Screens

Login & Register

Secure sign-up with district/congregation assignment; pending approval flow

Events + My Events

Browse by category; one-tap registration + POP upload; personal history

Prayer Wall + Mine

National & district requests; pray counter; personal request history

Districts

All 9 districts, congregation counts, and district board details

Store + My Orders

Browse merchandise, pick size/qty, EFT + POP, track order status

Notifications

Approval, payment and order status updates, in one inbox

Admin Panel

Approve members, review payments & orders, manage merchandise catalog

Home Dashboard

Personalised greeting, upcoming events feed, quick-action buttons

Giving + History

6 fund types; preset amounts; EFT bank details; personal giving history

Media

YouTube & Facebook links; live indicator; daily scripture rotation

National & Women's Board

Leadership profiles with photos; tap to enlarge; separate men's & women's boards

Documents

Shared church documents: policies, forms, minutes

Profile

Member profile, congregation, role, and account settings

Home Screen — Your Personal Dashboard

The first thing every member sees after login.

Personalised Greeting

Time-aware welcome: Good Morning / Afternoon / Evening + member name.

Upcoming Events Feed

Next 4 events displayed with date badge, title, and location at a glance.

Quick-Action Buttons

One tap to Give & Tithe, Districts, Prayer Wall, and Store from the hero area.

Church Emblem Header

Branded header with PPC emblem, maintaining identity on every visit.

Live Data

Events pulled live from Firestore — always current, no manual refresh needed.

Events & Registration

- Browse events by category: All Districts, Youth, Women, Leaders, Worship, Missions
- Each event card shows: title, date, location, cost, and description
- One-tap registration — member details auto-filled from profile
- Upload Proof of Payment (POP) directly from device storage
- Registration status tracked per user — no double-registrations
- Admins see a full registrant list per event

Member Journey

- 1 Browse event list
- 2 Tap event for details
- 3 Tap Register
- 4 Upload POP (if paid event)
- 5 Receive confirmation
- 6 See green badge

Giving — Tithes, Offerings & More

Members give securely via EFT guided through the app. All transactions are logged to Firestore for reporting.

Tithes & Offerings

Regular tithes and weekly offerings

Building Fund

Church building and renovation projects

Missions & Outreach

Local and international mission work

National Convention

Annual convention fund

Youth Ministry

Youth programs and camps

Church Welfare

Support for members in need

Preset amounts (R50, R100, R200, R500) or custom | Bank details auto-displayed | Reference generated from profile

Prayer Wall — United in Prayer

National Scope

Members across all districts can post and pray for national requests.

District Scope

Requests can be scoped to a specific district for local focus.

Pray Counter

Every member can tap Pray — a live counter shows support.

Easy Submission

Title + body form with character limits; auto-linked to member profile.

Moderated

Admins can remove inappropriate content to keep the wall safe.

"Bear one another's burdens, and so fulfill the law of Christ." — Galatians 6:2

Media — Worship Without Borders

YouTube

Direct link to PPC National YouTube channel.
Live indicator shows when service is streaming.
One tap opens Live stream.

Facebook

Direct link to PPC National Facebook page.
Members can follow for updates, photos, and community posts.

Daily Scripture

A different scripture displayed every day from a curated library of 20+ verses.
Built-in devotional moment on every visit.

LIVE badge pulses in real-time when a service is streaming — members never miss a moment.

Church Store — New in This Release

- Browse merchandise in a photo grid — name, price, and item photo at a glance
- Tap an item to see the full photo, description, and available sizes
- Pick a size and quantity — total price calculates automatically
- Place an order, then complete EFT payment using the on-screen bank details
- Upload Proof of Payment directly from the order screen
- Track every order's status (awaiting payment / under review / approved) in My Orders
- Admins review and approve/reject orders, and manage the item catalog — add, edit, publish/unpublish items with photos, pricing, and sizes, all from within the app

Member Journey

- 1 Browse the Store
- 2 Tap an item
- 3 Choose size & quantity
- 4 Place order
- 5 Pay via EFT
- 6 Upload proof of payment
- 7 Track status in My Orders

Districts & National Boards

PPC Districts

- Boland — 12 congregations
- Southern Cape — 11 congregations
- Central Cape — 10 congregations
- Eastern Cape — 9 congregations
- Eden — 9 congregations
- Garden Route — 9 congregations
- Gauteng — 8 congregations
- Free State — 7 congregations
- Northern Cape — 6 congregations

*Each district page shows the full district board:
Chairperson • Deputy • Secretary • Treasurer*

National & Women's Boards

Two boards: National Board (8 leaders) and
National Women's Board (4 leaders)
Real photos for every leader
Tap any photo to see the full picture
Title and role clearly displayed
Accessible to all members, updated by Admin

Security & Role-Based Access

Every feature is protected. Members can only access what their role permits — ensuring data safety and appropriate governance.

Visitor

Unverified / unauthenticated

- View public content only
- No access to giving or prayer wall
- Prompted to register

Member

Approved church member

- Full app access
- Register for events
- Give, pray, view documents

Leader

District / congregation leader

- All member access
- View district reports
- Manage local events

Admin

National administrator

- Full control
- Approve/reject members
- Post events & announcements
- View all giving logs

Technology Stack — Built to Scale

React Native + Expo

Single codebase runs on iOS and Android. Expo managed workflow for fast builds & OTA updates — already in active use to ship JS/UI changes to testers instantly, no app-store resubmission needed.

Firebase Auth

Email/password authentication.
Secure session management out of the box.

Cloud Firestore

Real-time NoSQL database.
Offline support, automatic sync when reconnected.

Firebase Storage

Proof-of-payment documents stored securely.
Role-scoped read/write rules.

Expo Notifications

Push notifications for events, approvals, and announcements — cross-platform.

Firebase Hosting

Web fallback (expo web) hosted on Firebase.
Global CDN, free SSL, custom domain ready.

Minimum Cost to Run the App

Three costs are required to publish and run the app on both iOS and Android. Nothing else is needed.

Firestore Spark Plan

R 0 / month

Free tier covers: Authentication, Firestore database, file Storage, and push notifications.
No credit card required. Sufficient for the full app at current membership scale.

Google Play Developer

R 450 once-off

One-time registration fee to publish on the Google Play Store (Android).
No annual renewal — pay once, publish forever.

Apple Developer Program

R 1,950 / year

Annual membership required to publish on the Apple App Store (iOS).
Renewed every 12 months to keep the app live on iPhone and iPad.

Total bare minimum: R 450 once-off + R 1,950 / year — Firestore is completely free

Maintenance Effort

Once deployed, the app requires minimal ongoing effort. Most tasks are admin-level, not developer-level.

Daily — Admin Level

- Post new events and update details
- Approve new member registrations
- Monitor prayer wall for inappropriate content
- Post announcements via notification

Monthly — Admin Level

- Review giving logs and download reports
- Update National Board or district info
- Upload new documents
- Check Firebase usage dashboard

Quarterly — Developer Level

- Apply Expo / React Native SDK updates
- Review Firebase security rules
- Test on latest iOS and Android versions
- Review push notification delivery rates

As Needed — Developer Level

- Add new features or screens
- Fix any bugs reported by members
- Scale Firebase plan if usage grows
- Publish app store updates

Developer Time — What to Expect

Task	Estimate
Routine maintenance (updates, fixes)	1-2 hrs / month
New feature development	4-16 hrs / feature
App Store submission (major update)	2-4 hrs per platform
Firebase admin & monitoring	< 1 hr / month
Onboarding new admin users	30 min / user
Annual dependency & security review	4-8 hrs / year

Total estimated ongoing effort: ~2-4 hours per month for a single developer or tech-savvy admin.

Launch Readiness Checklist

Authentication & Roles

Login, register, approval flow complete

Giving + History

All 6 funds, amounts, bank details, personal history

Media Screen

YouTube, Facebook, daily scripture, live badge

Church Store + My Orders

Browse, order, EFT + POP, admin review, catalog mgmt

Push Notifications

Approval, payment & order status updates
